

PROGENEX®

RESULTS MATTER

1

"I don't get nearly as sore after workouts and I'm able to have more productive training sessions day in and day out. Especially when I am getting closer to competitions and working out more than once a day, I notice that I feel more "fresh" for the next training session, allowing me to work harder and reap the benefits of the work I'm putting in."

CHRIS SPEALLER

"I'm as particular about my supplements as I am about my training and diet. PROGENEX is the only protein that tastes clean and produces extraordinary results."

MATT CHAN

2nd Place 2012 CrossFit Games

3

"With the volume and intensity I train with, it's important for me to be able to recover quickly. That's why I take PROGENEX Recovery!"

JASON KHALIPA

'08 CrossFit Games Champ, 5th Place '12 CrossFit Games

4

"I have taken other products, but none that make me feel as good and relaxed as the PROGENEX Recovery and More Muscle. I would recommend these products to anyone that is serious about their performance and especially their recovery."

KENDRICK FARRIS

Olympic Weightlifter

5

"The taste lured me in...the results keep me coming back!"

CHRISTMAS ABBOTT

6

"PROGENEX has made a big difference. I can hit 2 or 3 workouts a day and I feel recovered and less sore. I've been getting stronger. It's made a big difference, and it's delicious!"

MIRANDA OLDROYD

OMEGA+

POTENCY + POWER

A powerful, readily available and absorbable, Omega 3 supplement. Unlike other Omega 3 products, Omega+ combines the most bioavailable source of Omega 3s—krill oil—with one of the world's most potent antioxidants—astaxanthin. This formidable combination is further complimented by the addition of calamari oil (rich in the

essential fatty acid DHA) and Vitamin D3.

This special proprietary blend of ingredients is specifically formulated for athletes and has been designed to reduce inflammation, accelerate recovery and enhance performance.

COCOON

RECOVER WHILE YOU REST

A special nighttime formula that maximizes your body's ability to recover while you sleep. Featuring the slow-digesting protein—micellar casein, Cocoon delivers a sustained release of amino acids throughout the night, promoting muscle building while preventing muscle wasting.

Our proprietary Tryptophan peptide—ensures a deep, sound, restorative sleep, so that you wake up feeling rested, restored and fully recovered.

WOD Hard, Sleep Well, Recover Strong with PROGENEX Cocoon!
